## OVERVIEW

### BuddyBoss

The BuddyBoss logo is the cornerstone of our brand identity and design framework. It simply denotes quality and elegance, and it's meant to stand with the logotype and logo mark. The logotype creates immediate brand recognition and builds equity with every impression.

## LOGO

### The BuddyBoss Logo

This is our primary logo. It is the first way we signify the presence of our brand. All communications should be signed off with the logo.

### Clear Space

The clear space around the BuddyBoss logo, allows it to stand out from surrounding elements. This clear space helps to avoid distraction of visual elements, such as other logos, text, illustrations or photography.

### Colour

The logo icon should primarily be in our BuddyBoss Orange (as seen the left) and used on a light-colored background for maximum impact and clarity.

## LOGOMARK

### The BuddyBoss Logomark

The BuddyBoss logomark is our secondary brand mark. It is reserved when space is limited or for special marketing initiatives.
